Report of Independent Registered Public Accounting Firm

Certegy Inc. Group Plans Committee  
Certegy Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Certegy Inc. 401(k) Plan as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Certegy Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2004

**1. Description of the Plan**

**General**

The following brief description of the Certegy Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan, which became effective July 3, 2001 and is subject to the Employee Retirement Income Security Act of 1974, as amended. Generally, all U.S. salaried employees of the participating companies of Certegy and its subsidiaries are eligible to participate in the Plan upon hire.

**Contributions**

Each participant may make basic contributions of up to 2% of his/her total salary (base salary only for highly compensated employees) through payroll deductions on a pretax or an after-tax basis. The Company will match 100% of the first 2% of salary contributed by participants during the Plan year. Participants may also make contributions of the next 3% to 6% of total salary, as defined (“plus contributions”). The Company match on plus contributions is discretionary. The Company elected not to make any contributions relative to plus contributions in 2004. In addition, each non-highly compensated participant may elect to make supplemental contributions of 7% to 20% of gross pay on a pre-tax or an after-tax basis through payroll deductions, subject to certain limits. Supplemental contributions are not matched.

Matching contributions are net of any in-service after-tax withdrawals, lump-sum cash contributions, and roll-over contributions. Employer contributions may not exceed the

**Contributions (continued)**

maximum amount which is deductible under the Internal Revenue Code (the "Code") or such other federal income tax statutory provision as may be applicable. In addition, a participant must be actively employed by the Company on December 31 to receive the matching contribution for that Plan year, unless termination prior to December 31 is due to retirement, disability or death or a participant is age 65 or older upon termination. Matching contributions are automatically invested in the Certegy Stock Fund ("CSF"). However, once the initial contribution is made, the participant may transfer all or a part of the match from the CSF to any of the available investment options.

Contributions may be funded by the Company during the year and held as unallocated funds until contributions are determined as of the end of the Plan year. Earnings on these deposits are accumulated and may be used to reduce the total cash required for the Company contribution. The required Company match for 2004 of \$1,648,264 was funded in early 2005. The required Company match for 2003 of \$1,469,308 was funded in early 2004.

**Vesting**

Participants' and Company contributions and earnings on contributions are at all times vested with those participants upon allocation.

**Administration**

During 2003, the trustee of the Plan was changed from Fidelity Management Trust Company to SunTrust Banks, Inc. ("Trustee"). Financial Administrative Services Corporation ("FASCorp") performs participant record keeping and other administrative duties for the Plan. The Certegy Inc. Group Plans Committee is appointed by the Company's board of directors and oversees the Plan's operations.

Certegy Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Investment Options**

Participants may direct their elective deferrals in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis. The investment options consist of publicly traded mutual funds, including various mutual funds managed by SunTrust affiliates, as well as two collective trusts. In addition, participants may elect to invest their contributions in the Company's common stock through a unitized fund, which includes an investment in a money market fund for liquidity purposes. The balances for participants who previously invested in shares of Equifax common stock under the Equifax 401(k) Plan were transferred into the Frozen Equifax Stock Fund to which no further contributions can be made.

**Benefits**

Withdrawals from participant accounts may be made only for the following reasons: termination of employment, financial hardship, retirement, death, disability, or attainment of age 59<sup>1/2</sup>. Upon occurrence of one of these events and upon election of the participant, the Plan will distribute to the participant a portion of the participant's entire account balance as specified in the Plan document. This lump-sum distribution is payable in cash, Company common stock, or a combination of the two at the participant's election.

If a participant's account balance is less than \$5,000 upon retirement or termination, a distribution of the participant's account will be made automatically.

The after-tax portion of a participant's account balance is available for withdrawal at any time. In-service withdrawals of the Company-matching portion of a participant's account are not allowed.

**Participant Accounts**

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings (losses), Company contributions, and the participant's contributions. Allocations of earnings (losses) are based on relative account balances and investment elections, as defined.

Certegy Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**1. Description of Plan (continued)**

**Loans to Participants**

The Plan permits loans to be made to participants. Only one loan is permitted at a time, and the minimum loan amount is \$1,000. Loans may generally be taken up to 50% of a participant's account balance but not exceeding \$50,000. Loans are generally repaid through payroll deductions with a 5-year maximum limit, except for loans for home purchases which may have terms up to 15 years. Interest rates are set at the date of the loan at a rate equal to prime plus 1% on the first day of the calendar quarter in which the loan is taken. Loan fees for setup and maintenance are paid by the participant.

**Plan Termination**

Although the Company intends for the Plan to be permanent, the Plan provides that the Company has the right to discontinue contributions or terminate the Plan at any time. If the Plan is terminated, the Trustee will determine as of the termination date the value of the account balance of each participant, former participant, and beneficiary. The Trustee will then make a distribution in a time and manner solely determined by the Board of Directors of the Company.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Certegy Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Administrative Expenses**

The Plan provides that all administrative expenses are paid by the Plan. However, the Company may, in its sole discretion, choose to pay all or part of these expenses. Accordingly, the Company paid all Plan expenses in 2004.

**Valuation of Plan Investments**

Investments of the Plan, except the SunTrust Retirement Stable Asset Fund and the SunTrust Retirement 500 Index, are carried at fair value as determined by quoted market prices. Participant loans are recorded at the principal amount outstanding plus accrued interest, which approximates fair value.

The SunTrust Retirement Stable Asset Fund and the SunTrust Retirement 500 Index are collective trusts that invest in guaranteed investment contracts and synthetic investment contracts and are valued at estimated fair value as determined by the Trustee.

Notes to Financial Statements (continued)

**3. Investments**

The fair values of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2004 and 2003 are as follows:

	2004	2003

Registered investment companies	2,740,645
Collective Trust Funds	798,690
	<u>\$5,643,958</u>

Certegy Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated July 26, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

**5. Related-Party Transactions**

All transactions in Certegy common stock held within the CSF are related-party transactions. The Plan held 383,993 and 366,806 shares of Certegy common stock, valued at \$14,683,843 and \$12,895,022 at December 31, 2004 and 2003, respectively.

**6. Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
