- \* Note: A securities rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn at any time. Each credit rating should be evaluated independently of any other credit rating.**
- \*\* Note: We expect that delivery of the Senior Notes will be made on or about March 10, 2026, which will be on or about the third business day following the date of pricing of the Senior Notes (this settlement cycle being referred to as “T+3”). Under the E.U. Central Securities Depositories Regulation, trades in the secondary market generally are required to settle in two business days in the place of settlement unless the parties to a trade expressly agree otherwise. In addition, under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in one business day, or “T+1”, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their Senior Notes prior to one or two business days, as applicable, before delivery of the Senior Notes will be required, by virtue of the fact that the Senior Notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Senior Notes who wish to make such trades should consult their own advisors.**
