Dear Former Metavante Shareholder:

Effective October 1, 2009, a wholly owned subsidiary (“Merger Sub”) of Fidelity National Information Services, Inc. (“FIS”) merged with Metavante Technologies, Inc. (“Metavante”), with Merger Sub continuing as the surviving corporation in the merger. Under the terms of the merger agreement, Metavante shareholders have the right to receive 1.35 shares of FIS common stock for each share of Metavante common stock held and cash in lieu of any fractional shares. Computershare Trust Company, N.A. (“Computershare”) has been appointed as the Exchange Agent to facilitate the exchange of your Metavante shares for FIS shares.

Our records indicate that you hold certificates representing shares of Metavante common stock. In order to receive FIS shares for your Metavante share certificates, it is important that you send your certificates to Computershare for exchange as soon as possible. While future dividends, if any, on your FIS shares will accrue without interest, you will not receive those dividends until your exchange is completed. Please read the enclosed Exchange Form and instructions set forth therein carefully. Instructions regarding lost or stolen certificates are contained in the Exchange Form.

After you submit your certificated shares in good order for exchange along with a completed and signed Exchange Form, including the substitute Form W-9 (if applicable), to Computershare in accordance with the instructions set forth in the Exchange Form, you will receive a statement from Computershare, the transfer agent for FIS, reflecting the number of FIS shares you hold in book-entry form.

If you wish, you may donate some or all of your shares of FIS common stock to be received in the exchange to ShareGift USA, a non-profit charity qualified by the IRS, by completing the form included on the Exchange Form. For additional information regarding ShareGift USA, please see the FIS/Metavante joint proxy statement/prospectus, dated July 21, 2009, that was mailed to Metavante shareholders on or about July 22, 2009, or visit www.sharegiftusa.org.

If you held any Metavante shares in book-entry form, those shares have been exchanged automatically and you will receive a statement of ownership from Computershare.

If you have any questions regarding this exchange, please contact Computershare toll free at 1-800-546-5141. Outside the U.S. and Canada, you can call 1-781-575-2765.

Sincerely,

Fidelity National Information Services, Inc.
